On Being a Citizen of the Jewish World in the Modern Era

Thursday, April 16 | 9:00 – 10:30 AM at the [Greater Miami Jewish Federation](#)

Join your colleagues for our **next Breakfast & Learn** with **Shalom Orzach**, *senior educator and consultant for the iCenter*. The word citizen in Hebrew, *Ezrach* can be seen as a verb as opposed to a noun; I will shine. What does it mean or entail to be a citizen of the Jewish world today? How do we realize the prophetic echoes of eternity now that in many respects we can act on them? How do we shine? How might we use the concept of citizenship to facilitate meaningful conversations between Israel and the Diaspora? Breakfast included; dietary laws observed. **Members: FREE; Register [HERE](#); Non-Members: \$18/person; Register [HERE](#)**
